Shit Server (Total Freedom) - JumpscarePro - 08-04-2015

ayy

I find a pretty stupid server for you all to enjoy. It's called Total Freedom and it's an all-op server.

IP: play.totalfreedom.me, if that doesn't work, try using play.totalfreedom.me:28965. If that doesn't work, the server is down and u all have done a good job <3

The reason im requesting this server is because all the admins are retarded. Simply that. I do have some information on pretty much all of the admins tho. Dont ask how.

Its sorta tradition of when this server is posted on grieving forums to include information about the admins. I copied the whole admin list to share my info on the ones I know. Ones that idk much about are not on the list.

Hand grieving is easily tracked

Use small worldedits and not obvious blocks like air, bedrock, sponge

I recommend, if u have proxies to spare, log in with obvious names to piss them off like trollzor1, trollzor2, trollzor3, etc

So, information on the admins and their rank:

NOTE THESE ARE NOT ALL THE ADMINS JUST THE ONES THAT CAN BE PISSED OFF VERY EASY

SENIOR ADMINS:

Apollo_Justice_ : Autistic, e-z to piss off.

Robolawrence : He has a YT channel and brags about it. [youtube.com/RoboLawrence](https://www.youtube.com/RoboLawrence)

ChargedCreeper : He is very quick to act (put the server in lock-down) so he's very sensitive

Skwirl : He's actually cool don't bother.

friko7 : He has depression, tell him to kill himself

Prozza : Developer. Sensitive about his code.

DarkLynx108 : Autistic, easy as fuck to piss off. Is internet-dating DarkHorse108 who you will see below

markbyron : Owner. Ask him if he is transgender

ImALuckyGuy : Say that he's a female he doesn't like that joke lol

AcidicCyanide : Developer, easy to piss off. He bans easily.

Hockeyfan360 : 12 year old, easy to piss off as always

TELNET ADMINS:

Stampy100 : Say hes perverted as fuck. He says he's 14 but I say he's 10 at most.

MidnightMemory : Spam Middie x Pearl. I promise it'll be lawlzy.

XxTheDJSystemxX : If your going to use spambots, make their names DJ_x_Video.

AndySixx : Emo. Give him a hard time.

Suicide isn't funny... Telling someone to kill himself or herself isn't funny either, especially if they're known to be depressed/have attempted suicide in the past.

Christ, OP...You put a lot of time into describing the admins. I don't really support the bullying that you want since that's not very nice sir.

edit: wait no one join. The owner is the thread poster... It's one of those limited-OP servers that no one likes. This post is clickbait to get random users to join. It's complete shit.

oh i guess im b& now

However true that may be, people on the internet are not going to change their habits because of what someone tells them.

OmgItzSkillz get's ticked off when you ask her why she isn't as horny as you are. Good trolls, I couldn't get 50 to respond as to whether they are a transy or not .-. I'm gonna keep on going xD

Why is there so much information on people that are easy to piss off. It seems as if that you are the easy one to piss off if they made you mad enough to do this.

* - Goodbye World - **08-06-2015**

Pretty funny how OP has found a way to piss off every staff member. This is what I call a proper grief thread.

Well shit, I'm an admin there. I do have to hand it to you, you did do a pretty good job on the 'How to piss off admins' part even though you missed me, and this looks almost like the same one posted on weepcraft. Just need a actual server to grief not one that I have admin on :/

Haven't even checked myself lol. I don't grief, I just hang in this sub-forum watching the new skids ask how to write a nodus aimbot.
